Ring Size Guide

For accurate sizing, print this guide on A4 paper at 100% scale (Actual Size).
Do not use Fit to Page, Scale to Fit, or Shrink to Fit.

85.60 mm

OPTION 1: MATCH AN EXISTING RING

Place a ring that already fits over the circles and match the inside edge of the ring to the circle.
If your ideal fit falls between two sizes, choose the larger size.

OPTION 2: MEASURE WITH STRING OR PAPER

1. Wrap a narrow strip of paper or non-stretch string around the base of your finger.
2. Mark the point where the ends meet, then measure that length in millimetres.
3. Use the circumference column in the international chart on pages 2-3.

Sizing Tips

- Measure at the end of the day when fingers are at their normal size.
- A wider band can feel tighter than a narrow band; consider this when selecting your size.
- If your measurement falls between two sizes, choose the larger size for comfort.
